

CO-AGE Call for Issues

Now is the time for CO-AGE members to submit ideas for the 2023 Issue Priorities.

Evaluate your potential issue by reviewing this Priorities Setting Checklist.

Does your issue:

Affect older Georgians throughout the state?

Require state legislative action for correction?

If the answer is “yes” to both of these questions, then your issue may be eligible to become one of the 2023 CO-AGE Priorities! For an issue to be voted on, **it must:**

- *be submitted on time,*
- *impact seniors,*
- *be a statewide issue,*
- *be solvable by legislative changes; and*
- *fit into one of the 2023 categories listed on the submission form.*

Here's what you need to submit:

- Description of specific problem and possible solution
- Description of how legislative request would address the issue
- Available research, data or evidence to support your concern/solutions
- Georgia statute affected by legislation, if available
- Contact information for additional groups that may be supportive

If your submission meets the above criteria, GCOA will make it part of the issue summaries.

If it lacks enough research to prevent completion prior to January, your issue will be tabled and you will be notified that it needs further research or subject-matter expert input.

All accepted issues will be presented to CO-AGE members for the 2023 Priority Setting Meeting on July 14, 2022. Members will then vote to determine the CO-AGE priorities.
